Q Investments Invests in Giant Energy Limited

Q Investments Ltd. (the “Company”) has agreed to purchase, on a private placement basis, 2,000,000 common shares of Giant Energy Limited (“Giant”) at a price of CDN\$0.25 per share, for a total purchase price of CDN\$500,000.

Giant is a privately held company that provides oil and gas management and consulting services to other companies engaged in the oil and gas business. Giant’s business model is to provide its clients with access to oil and gas expertise and project analysis that would not otherwise be cost effective. Giant provides its management services at a competitive price, and typically secures upside potential by participating in the projects it delivers or manages and/or taking stock positions or options in its public clients.

This transaction is non-arm’s length under TSX Venture Exchange policy, as John Hislop is a director of both the Company and Giant. The transaction is subject to the approval of the TSX Venture Exchange.
